Planning for your pet's health

Whether you are a new or an existing client, we would like to thank you for choosing Animac Vets. Our aim is to provide the best possible health care for your pets in partnership with owners and their families.

We are committed to keeping abreast of the latest developments in modern veterinary practice – providing high-quality treatment at sensible prices. To enable pet owners to spread the cost of routine treatment, we have designed our own practice membership scheme – **The Pet Healthcare Plan.**

Prevention is better than cure!

- Our practice membership scheme provides pet owners with the support you need to help your pets stay fit and healthy.
- Regular visits mean that we have the opportunity to administer necessary vaccinations and dispense accurate and up-to-date worming and flea treatments.
- Frequent clinical examinations give us the opportunity to carefully monitor the general health of your pet. We can offer advice, support, and treatment planning, which may prevent problems arising in the future.
- The cost of maintaining the good general health of your pets is distributed throughout the year by making monthly Direct Debit payments – it couldn't be simpler.
- Whilst spreading the cost of routine treatments, all members then qualify for additional discounts on other items in the practice.
